

American Centrifuge

Skills Development Training Program

Individuals desiring an opportunity to interview for a position as an **Associate Technician** at USEC Inc.'s American Centrifuge facility must first successfully complete or show proficiency in the American Centrifuge skills development program. This training is offered through the Ohio South Consortium for Training and Education.

The skills development training program is a 240-hour program that leads to the National Manufacturing Certification and a fundamental knowledge of technology and physical science.

The program begins with the WorkKeys assessment, available at the Buckeye Hills Career & Technology Center, Pickaway Ross Career & Technology Center, the Pike County Career & Technical Center, and the Scioto Country Career & Technical Center, South

The Program is offered in 3 components.
